DETAILED ACTION

Allowable Subject Matter

1. The following is an examiner's statement of reasons for allowance:

The prior art taken alone or in combination failed to teach or suggest determining at a site of each transaction whether a transaction amount exceeds a pass-through amount and if so, charging the transaction amount directly to the consumer billing account directly to the consumer billing account and upon the occurrence of an event, charging the aggregated multiplicity of transactions to a consumer billing account and obtaining a first and second pre-authorization from the consumer billing authority as recited in independent claims 21, 60 and 68.

The prior art taken comparing the transaction amount to a predetermined pass-through amount and charging the transaction amount directly to a consumer billing account if the transaction amount equals or exceeds the predetermined pass-through amount and the steps of obtaining a first and second pre-authorization functions as recited in independent claims 58.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
